14 November 1944

MEMORANDUM :

TO : Major General B. J. VALDES, Secretary of National Defense and Communication, Commonwealth of the Philippine Islands.

Further to our telephone conversation of today, it is suggested that a radio substantially similar to the attached be sent through General FELLERS' office. Such a message will enable announcement of service in the U. S., and eliminate delay there when the mail arrives.

I assume that at a later date parcels and periodicals will be permitted.
